Spot Prizes

For each package client has to provide spot prizes for guests. We recommend 10 smaller prizes (wine, CD's, gift vouchers) and 3 larger higher value prizes, one each for 1st, 2nd & 3rd placed winners.

Casino Nights

Gamble the night away in true black tie style with Casino Nights. This is your chance to blow vast sums of company money or to make yourself a paper tycoon. With numerous gaming tables in-house and the finest croupiers in the business, we will entertain groups of up to 500 guests in ultimate style.

How a Fun Casino Works

You credit your guests with a hypothetical sum of money, which they exchange for chips.

At the end of the evening, the players cash in their chips to discover who has been most successful. Then prizes can be awarded to as many winners as you like. This means you can budget precisely for the cost of the prizes whilst retaining the exciting and unknown elements of the casino. Everyone has the chance of a big prize and you don't have to favour one guest over another. Success is down to skill and lady luck!

Naturally, all our events are run strictly within the law. Your event will not need any special license.
