Greeted by flashing cameras of the Paparazzi as they walk up the red carpet, your guests will be treated to a Hollywood evening to remember. As guests enter the VIP drinks reception area, they will be greeted by an actress in the guise of Marilyn Monroe, positioned on a raised plinth replicating her most famous scene from the movie **The Seven Year Itch**.

In this star studded event the stage will be the most focal point of the room encapsulating a themed movie reel façade with an oversized illuminated MGM Lion backdrop as it centrepiece. The stage is finally set with a replica three-dimensional Oscars Statue positioned to each side.

Around the room on raised ornate black and gold plinths will be life sized statues of Marilyn Monroe, James Dean, Humphrey Bogart, Charlie Chaplin, Dracula and The Blues Brothers all characters that are easily associated as the stars of Hollywood. In front of each will be a miniature clapperboard depicting the title of a movie each of these stars is best known for.
